Give a complete account of how the accident occurred — *(State if the bell was rung and for what distance it was ringing before the accident occurred; at what speed the car was travelling just before the accident; if it slowed up at all; the distance car ran, after the accident, before it came to a stop, and any other particulars you recollect. If there is not enough space here for you to write all you know, ask the Receiving Clerk for a Supplemental Accident form, and continue on it your account of the accident.)*

Passenger boarded Car at Park end, made no trouble of any kind, & showed that he was drunk, Sat on front dummy.
At Switch back while Car stopped, and probably because it stopped, the Gentlemen of the Car and lost his balance and fell to the ground or fell after he was on the ground.
Conductor did not see how it just happened as he was turning trolley at the time and the man answered no questions.
He got back on his seat and continued to stay on the Car, till Sunday St.

Where did you board the car At Dayton & Waller.

In what direction was the car going (towards the Ferry or away from it.)

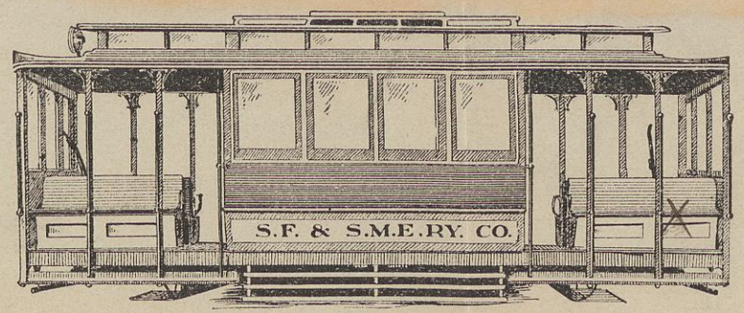
Towards the Ferry.

Were you sitting or standing upon the car Sitting

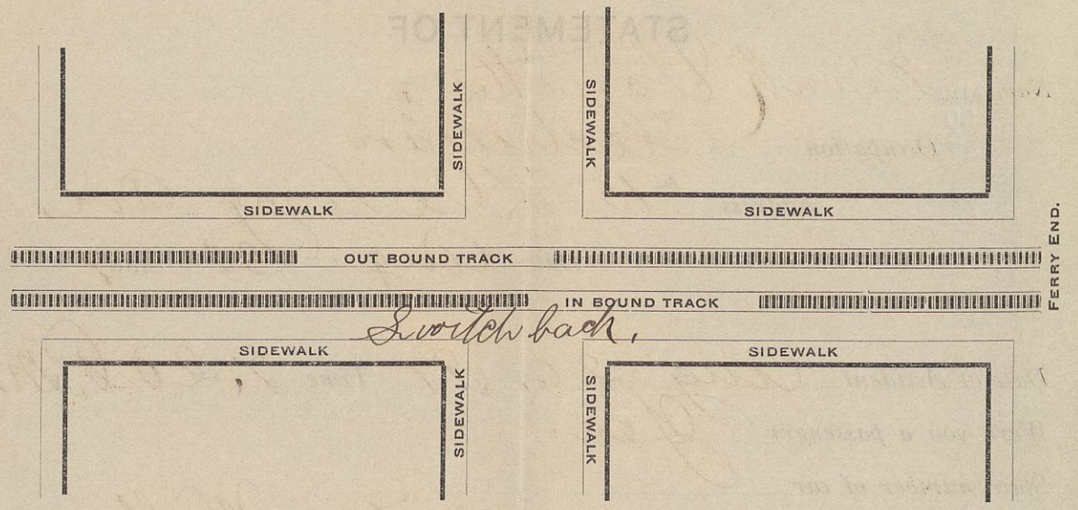
Were you on the right or left hand side of the car, looking ahead.

left hand side.

Please mark the place you occupied on the car on this sketch.



Mark on diagram below, names of streets and position of car at time of accident. If you were on the street at the time of the accident, mark the spot.



State the sex of person injured and about what age.

Male. about 35 years old.

Extent of injury or damage to property so far as you were able to see it.

I think that he had enough of a jar on his head to sober him up some.

CAUSE OF ACCIDENT.

Here state as fully as you are able how the accident occurred, from your point of view. Also state as accurately as possible: (1) Was the bell rung by the motorman before the accident? (2) The distance or time during which it was rung. (3) How far the car ran after the accident occurred. (4) Any other particulars you think material.

Please sign your statement in full.

After the car stopped at the Switchback & the Conductor had turned the trolley I saw a man fall & I ran back to see what was wrong. & I picked him up & saw that he was Intoxicated & We put him on the car again & paid no more attention to him other than notice that ~~it~~ the fall seemed to sober him up some. he got off the car at Castro ~~St~~ I believe. I do not believe that he was hurt any.

Frank Vanatta.
